

Diboson physics at LHC

Thursday 14 September 2017

Perspectives for diboson physics at future colliders - B25-1 Room 103 (15:00-18:30)

time	[id] title	presenter
15:00	[2] Dihiggs production at LHC and future colliders	Prof. SON, Minho
16:00	Break	
16:30	[24] Di-Higgs signal with large missing ET at the LHC	Prof. CHEN, Chuan-Ren
17:30	[23] CEPC and detector design	Prof. LEE, Sehwook
